

Final Size	Height	Width
Live Area	10'5"	22'8"
Overall (+2" live pockets)	10'7"	22'10"
Mechanical Size at scale	5.42"	11.67"
Overall Mechanical size with Bleed	5.58"	15.83"

### Art Guidelines

Set up print files at 1' = 1/2" scale at 300ppi. We can work with any standard art files such as jpeg, ai, eps, pdf, tiff, as long as it is scaled properly. All critical elements should be at least 0.25" from the edge of the Live area.

### Printing and Finishing Instructions

The printed vinyl is not wrapped around the billboard face, but attached under a 2" stainless steel trim. For this reason, the overall size of the finished vinyl is extremely important. The finished size of the vinyl should be 10'-7" by 22'-10" with 2" Live Pockets.

### Printing Material

PE is OK for flights of less than 90 days. Longer flights should print on 7 oz. or heavier vinyl.

### Shipping Instructions

Please ship finished vinyl to:  
Condrey Signs  
7341 Courthouse Rd.  
Chesterfield, VA 23832
